## Antingham & Southrepps Primary School Curriculum Information Letter-Summer Term 2024 Year Reception/Nursery Frida Kahlo Class

Dear Parents/Carers,

Welcome back to school! We hope you had a wonderful Easter break filled with joy and memorable moments. As we begin the Summer Term 2024, we're excited to provide you with an overview of what your child can expect in the coming weeks.

This term, your child will dive into a diverse range of subjects, exploring new concepts while building upon the knowledge acquired last term.

We encourage you to actively participate in your child's education by taking the opportunity to delve deeper into the topics covered in class.

To add excitement to the learning process, your child will have Homework Challenges designed to extend their learning beyond the classroom. These challenges encourage creativity and a passion for learning, with your support at home.

One of the most beneficial habits we can cultivate in our children is a love for reading. We strongly recommend setting aside 10-15 minutes each day to read and share books with your child. Whether it's a bedtime story or a quick read during the day, this practice significantly enhances language skills and overall academic success. Please ensure your child brings their reading books to school daily, regardless of whether they've been read at home.

We firmly believe that a strong partnership between home and school is essential for your child's success. If you have any questions or concerns throughout the term, please don't hesitate to reach out to me or any of the teaching assistants in the class. We're here to support you and work together to address any challenges or queries that may arise.

Thank you for your continued support, and we're looking forward to a productive and exciting Summer Term!

Kind regards,

Miss Fox

Value	The core value this term is: Curiesity
Value	The core value this term is: <u>Curiosity</u>
	Over the next few weeks, our focus will be on exploring the concept of curiosity and
English	understanding how it manifests within our classroom.
English	Reading: During the Summer term, we will be reading:
	"Gigantosaurus by Jonny Duddle" (Summer 1)
	'Superpotato by Sue Hendra" (Summer 2)
	GIGANTOSAURUS STPERVATO
	We will be doing a range of activities that will inspire the children to read and develop their vocabulary. Our curriculum includes activities specifically designed to enhance your child's vocabulary, making learning both enriching and enjoyable.
	<b>Writing:</b> The children will have various opportunities in their literacy lessons and in their environment to develop their mark-marking skills and their phonics. Our writing sessions will provide children with the opportunity to express themselves while experimenting with new words and phrases.
	Each week, we will introduce a new "Word of the Week" to expand your child's vocabulary. Encourage them to use this word in different contexts to reinforce its meaning.
Maths	This term promises to be an engaging journey as we continue to build a strong foundation in mathematical concepts.
	To 20 and beyond  We will look at recognising numbers to 20 using a range of resources to support this.  Children will learn to count up to 20 from any given number.
	Adding and taking away Children will continue to learn that a quantity of a group can increase or decrease by adding or taking away an object.
	Sharing and Grouping We will explore how groups of objects can be shared equally and fairly. This will be done during snack time and other activities to support this learning.
Computing	<b>Summer Term 1:</b> Developing knowledge of computer skills learned over the previous terms.
	Summer Term 2: Data Handling: Introduction to data.
PE &	Our PE days are: Monday and Wednesday
Sports	Children will need to come in with their P.E kit on. Please could they wear a red t-shirt or white t-shirt, with black leggings/shorts and a pair of trainers.
	What will the children be learning:
	Summer Term 1: Gymnastics Children will develop their basic gymnastic skills through the topic of 'animals and their habitats'. Children explore creating shapes, balances, and jumps and begin to develop rocking and rolling. They show an awareness of space and how to use it safely and perform basic skills on both floor and apparatus. They copy, create, remember and

Summer Term 2: Fundamentals Children will develop their fundamental movement skills through the topic of 'all about me'. Fundamental skills will include balancing, running, changing direction, jumping, hopping and travelling. Children will develop gross motor skills through a range of activities. They will learn how to stay safe using space, follow rules and instructions and work independently and with a partner.    We have Bushcraft every Monday afternoon, please ensure your child has a waterproof playsuit. We go out in all weathers for bushcraft and in our garden too.    Summer Term 1: Relationships: Being aware of our own needs and having empathy for and understanding of thores.    Summer Term 2: Change and Transition: Building confidences. Managing changes at home.    R.E.		repeat short sequences. They begin to understand using levels and directions when traveling and balancing.

	creature.
	Thursday 4 <sup>th</sup> July 2024 – Share your favourite toy from home
	Thursday 11 <sup>th</sup> July 2024– Share something that makes you happy when you
	have it with you. (Could be a cuddly toy, or a book, etc)
Curriculum	Summer Term 1: Animal Safari
Information	
	In the Animal Safari project, we will learn about incredible animals that live worldwide.
	We will explore various animal habitats and compare the animals that live there with
	animals in their locality. We will learn how to care for pets and what all animals need
	to grow, survive and stay happy and healthy. We will explore animal features and find
	out how they survive in the wild. We will compare the ways that animals are similar

out how they survive in the wild. We will compare the ways that animals are similar and different.

## Summer Term 2: On The Beach

In the On the Beach project, we will visit a beach and learn about animals that live in rock pools and on the seashore. We will explore days out at the beach and compare our experiences with beach holidays in the past. We will learn about the animals that live in the sea and find out about worldwide seas and oceans. We will explore the importance of looking after the environment to keep living things safe. We will learn about staying safe at the beach and find out about people who help us.

## Homework

We encourage children to complete as many of these challenges as they can during the span of the term. The challenges supplement, consolidate and support your child's curriculum learning in class and give you a valuable opportunity to work with your child on the same work they are completing in school. Send your homework completed either into school or take a picture and place on tapestry for us to share to the class. The children will receive dojo points for completing their homework.
